### \* About "FORK Co.,Ltd"

We are a motorcycle parts company founded in Tokyo, JAPAN in 2006.

All parts are made in JAPAN, most made using traditional sand casting by experienced craftsman. Fork respects traditional craftsmanship, design and spirit while mixed them with the latest technology to give shape to our ideas.

### \* About International orders

\*We ship world-wide. Order online via our web shop <info@forkco.com>, by e-mail or fax.

\*All of our parts are made in JAPAN, the prices are set in YEN(JPY) and payment in YEN is recommended unless by prior agreement.

\* USD price list available, but subject to exchange rate. We revise it at the start of each month.

\*We have flat rate shipping cost for each country, please check our web site or price list. (Large orders or heavy parts such as handle bars are an exception)

\*For orders over 25,000JPY, We'll pay half of your shipping cost. Orders over 60,000JPY, We'll pay the full shipping cost.

\*We accept Paypal payment only. We don't accept credit card.

\* Import duty and taxes at destination country customs are the responsibility of the customer. Fork is unable to include these in estimates or pricing.

# Handle Clamps

## Narrow Rise Clamps for Narrow Gride Top Bridge (35/39mm)

Type "H" [1151-52]

Narrow rise clamps. Width 50mm (approx 2") less than OEM for super narrow handlebar outline.

One piece base clamp offers increased stiffness against rotation force. Can mount on 35mm or 39mm FX style aluminium top bridge with head light visor.

Includes:

- \* 4 x clamp bolts and nuts (5/16-18 SUS)
- \* 2 x riser bolts and nuts (1/2-13 SUS)
- \* 2 x Solid spacer.
- \* 2 x washer for 39mm stem

Special handlebars for these clamps are also available in the next page.

Separated [1151-53]

### Caution!!

Does NOT fit top bridge without shouldered rubber mount bush hole. So does NOT fit rubber mount Sportster '04 or later.

If using narrowed handle bars by welding, please ensure straightness, as distorted bars may cause the clamp to break.

## Narrow Rise Clamps for Springer

STER Motorcycle and FORK 2012 Collaboration design for narrow rise springer fork clamp. Clamp section width only 80mm for super narrow handlebar outline.

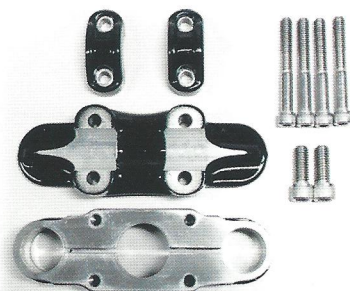

Includes top bridge and clamp. Top bridge machined duralumin for strength and ductility. Clamp heat treated cast aluminum.

Inline type only, does NOT fit offset type

Includes bolts for clamp and top bridge but NOT stem nut.

Flat type stem nut required to fit between clamp and top bridge. available as optional extra.
